Women comprised 19 percent of the Party organization. The proportion of candidates to members has improved since 1940, candidates constituting 22.6 percent of the Party in 1949 as against 53.6 percent in 1940. The percentage of members with higher, secondary, and partially completed secondary education has increased from 27.3 to 50.6. The number of primary Party organizations has risen from 2,980 in 1940 to 9,144 in 1949. Primary Party organizations, candidate and Party Komsomol groups are found in 68 percent of the kolkhozes as against the 1940 figure of 22.5 percent.

There are now 10 oblast committees, 19 municipal committees, and 143 regional committees in Uzbekistan, as against 6 oblast committees, 1 okrug committee, 8 municipal committees, and 125 regional committees in 1940.

During the last 3 years, 67 workers of the Party-soviet apparatus of Uzbekistan studied at the Higher Party School and in courses under the Tsk VKP(b), 745 persons finished the Republic Party School and courses affiliated with it, 1,250 persons completed courses at the Night University of Marxism-Leninism. Forty-two persons are now studying at the Academy of Social Sciences and at the Higher Party School and in courses attached to it. There are 496 students in the Republic Party School and in courses attached to it.

There are now in Uzbekistan 203 regional Party schools, in which about 7,000 Communists are studying. There are 1,462 groups for studying the VKP(b) history and the lives of Lenin and Stalin, with more than 21,000 students. Political schools attached to primary Party organizations number 3,947, with a total enrollment of 55,00 persons. There are 2,230 students in seven night universities. About 14,000 members of the Party are studying VKP(b) history independently. There have been created 1,680 general educational schools for Communists having lesser degrees of education. Six thousand propagandists are instructing 120,000 Communists studying Party education.

Uzbek Komsomol organizations at present number 280,000 persons, of whom 110,000 are girls. In the past 3 years, 105,000 new members have been added and 1,714 new primary Komsomol organizations have been created. There are now Komsomol organizations in all the kolkhozes.

However, the Tsk KP(b) Uzbekistan is not properly supervising the work of the oblast and regional Party committees. They, in turn, through their laxity and lack of organization allow serious deficiencies in the fulfillment of production plans. The speaker called for the strengthening of ideological work in Uzbekistan to combat the ideas of nationalism and pan-Turkism which still survive.
